Kastee®

Kastee® upgrades your sauna into a spa-like wellness oasis.

Take any sauna stove to new heights - wood-burning or electric, old or new.

THE WAIT IS OVER!

Kastee® creates a pleasantly humid and soft atmosphere in your sauna, making it easier to breathe and relax. The system senses temperature and humidity levels in the sauna room and intelligently sprays water onto to hot stones inside the stove, greating conditions for optimal enjoyment and relaxation.

The Kastee® brings together world-leading Finnish expertise from engineers to greenhouse experts. All aspects of the system have been rigorously tested from user experience to health bene.
